Child Exploitation

Things You May Need to Know

•What is a **Harbouring Notice**.

Vulnerable children who go missing/abscond put themselves in further risk/danger. A child can be prevented from being at particular premises without the express permission of the person with parental responsibility.

The Primary Legislative Framework for this action are
Section 2 of the Child Abduction Act 1984
Section 49 of the Children's Act 1989

A **restraining order** or order of protection is a form of legal [injunction](#) that requires a party to do, or to refrain from doing, certain acts. A party that refuses to comply with an order faces criminal or civil penalties and may have to pay damages or accept sanctions. Breaches of restraining orders can be considered serious criminal offences that merit arrest and possible prison sentences. The term is most commonly used in reference to [domestic violence](#), [harassment](#), [stalking](#) or [sexual assault](#)

When is a person made a **Ward of Court**?

To be made a Ward of Court a Court must be satisfied that the person is of unsound mind and incapable of managing his or her own affairs.

Do's & Don't

Do

Remember this is a young child that has possibly been exposed to things she/he has little knowledge or experience and may not still be able to fully comprehend the consequences.

Be calm and patient even when the child is being disruptive and seems not to understand,

This is usually because through the grooming process the child has become the speaker for the perpetrator and will try and see justification in his/her actions.

Remember that any hostility towards the child is exactly what the perpetrator wants as this will divide you and place a wedge between any relationship you have with your child

Don't

Shout or become angry, this is what the perpetrator wants you to do,

This only makes it easier for the perpetrator to show false empathy and build a stronger tie with the child.

In 1981 Peter Sutcliffe was convicted of the murder of 13 women. His reign of terror lasted 5 years, the public were made aware of his despicable crimes through massive media interest in the case there was public outrage and condemnation

In 2012 the courts charged one group of 9 Sexual Predators that operated in Rochdale who were said to be abusing up to 50 children (50 young lives destroyed)

In the same year Telford 9 men were also imprisoned in a separate case involving 7 young children, one victim was only 13 years old

Similar cases emerged in the same year in High Wycombe, East London, Leicester. The number of victims whose lives have/are been destroyed is incomprehensible, these statistics are even more alarming when you consider that there are many cases that have never been reported.

There are many myths and inaccurate public perceptions that have been revealed with actual case studies that conclude that **any child is targeted regardless of social, religious or ethnic background.**

THERE IS A NEED FOR JOINT AGENCIES TO WORK TOGETHER, REVEAL AND TACKLE THIS CRIME AGAINST CHILDREN

INTRODUC CHILD VIA F & SOCIAL

Childs older friends and relatives introd
book friends (OLDER), parents of child
be for older

NETWORK & REWARD THROUGH EXPLOITATION
If we fail to recognise that this is a serious crime that
requires changes in attitude and a joint agency approach
the PREDATOR will continue to
EXPLOIT ANY CHILD

MANNIPULATION

The PREDATOR over a number of years
has managed the Childs expectations,
career prospects, family bonds, self development
ALL To THEIR advantage !!

SUPPORT AND DECEPTION

The child believes she is supported
by the PREDATOR.

Reality of the deception is
that it is the local authorities
who are preparing support. claims

To the advantage of
the PREDATOR...housing...benefits etc..

FALSE ALLEGATION

The PREDATORS portray themselves as the caring figure who
allows fun and happiness; parents can become the bearers of
harsh realities that the child wishes to oppose

The PREDATORS are aware that through the child they can
further exploit services that are meant to protect the child...

Typical case studies reveal children making allegations about parents hoping
to be re-housed or taken into more suitable surroundings were the
PERPERTRATOR has easier access to the child!!
